Ladies h Measurement

Waist size

Measure around your waist, in your underwear, at the point where your trousers would normally sit. Keep one finger between the tape and your body. Imagine that the tape measure is the trousers you will be wearing and take the size that you desire.

INCHES

Hips size

Stand with your heels together, and measure around the fullest part of your hips, keeping the tape parallel to the floor.

INCHES

Crotch length

Hold the tape at the center back of your waist (A). Run the tape between your legs, pulling comfortably at the crotch, and up to your natural waist in front (B). Both (A) and (B) at the same level where you would wear your pants.

If you have any doubts compare this measure with pants that fit you well.

INCHES

Thigh size

Measure around the widest part of your thigh. Let loose so that you can put a finger between your body and the tape.

INCHES

Knee

Measure around your knee. Remember that it is an optional measurement.

INCHES

Pant's length

Measure from the waist (where you would wear your pants) (A) to the desired length (B), normally you should measure to the beginning of the heel (B).

INCHES

Trousers Bottom-Width
